Chapter 385 of the Acts of 2002 imposes several new requirements for all organizations and entities engaged in providing services to children 18 years of age and younger. A Criminal Offender Record Information (CORI) check is required for all employees and volunteers. Our goal is to comply with this regulation and provide the safest possible environment for the children we service. Please complete the attached CORI information sheet, include picture identification, and return it with your application. All CORI information is kept confidential and is reviewed by the Director of Recreation and Community Programs.
